Built in one of the island's most beautiful areas, opposite to the *endless Aegean blue*, every detail in Astarte was made *especially for you* who know how to enjoy what is really worth it.

Experience *a magical journey* to the stars, guided from the Swarovski stones above your heated Jacuzzi-whirlpool, while you are enjoying *a glass fo champagne.*

Let your eyes *find the peace* you need *facing the horizon* and every *little aspect* of the suites we designed for you. Carefully selected *objects create* the perfect *dream setting,* bathed in the colors of the elements.

The game of seduction continues at the pool-bar *Morning Star*,
