

Since it was established in 2001, Cape Portfolios has carefully pieced together a portfolio of the most stylish and luxurious rental accommodation Cape Town has to offer. Over 100 properties ranging from large, lavish villas for groups of 10 or more to small stylish apartments that are just perfect for couples.

Many of our Cape Town villas are located in and around the spectacularly beautiful beach resort of Camps Bay with its popular beachfront restaurants, bars and shops making it the perfect holiday destination close to the countless attractions of Cape Town and the dramatic Cape Peninsula.

Our goal is to make your stay in a Cape Portfolios' property as relaxing and enjoyable as possible through a range of exclusive "in-house" services we offer such as private catering, child-care and beauty treatments in your property. We also offer a wide selection of tourism services in Cape Town and beyond through our close association with local tour operators Latitude Ventures and Action Africa who operate from our Camps Bay beachfront offices. Our travel partners will gladly assist you with booking everything from wine tours to white shark diving trips and from luxury safaris and Garden Route adventures to helicopter rides over Table Mountain!

Unlike most rental agencies in Cape Town, we also operate a property management service for homeowners and therefore take full responsibility for the management, maintenance and rental of many of our properties throughout the year. As a result one of our dedicated team of over 20 staff is always on call to provide assistance or deal with any maintenance issues and our responsibilities in handling the bookings diary also means an immediate response on availability and the best deal on rates.

Cape Portfolios is also pleased to offer our clients the opportunity to buy and sell high quality real estate in the area through our association with leading local sales agency Cape Waterfront Estates that operates in Camps Bay exclusively from our offices. For our many clients who arrive in Cape Town on holiday and end up wanting to buy a second property of their own here, Cape Portfolios is perfectly positioned to assist with buying, managing and renting out your dream holiday home in this most amazing part of the world!
