

Fundu Lagoon

WATER SPORTS CENTRE

Dive 710, our fully equipped dive centre is managed by our friendly & very experienced Dive Instructors.

Pemba's tranquil surroundings have a unique underwater experience difficult to find anywhere else in the world, gifted with a remarkable variety of untouched snorkelling & dive sites rarely visited by any other boats, including beautiful reefs, deep walls & wrecks all being patrolled by an amazing density of marine life and breathtaking fields of corals.

Misali Island is part of a conservation area that was set up in 1998. A non-extraction zone encompasses the north and western fringing reefs, and only a limited number of seasonal fishermen are permitted to camp on the island, within designated areas. As a result of this protection the reefs are covered with incredibly pristine coral.

The waters around Misali contain more than twice the number of coral genera than are found elsewhere in Tanzania, often seen are beautiful gorgonian sea fans and giant sponges amongst fields of ancient cabbage corals. With over 300 species of fish, like barracuda, kingfish, wahoo, tuna and jacks patrolling the reefs, there is plenty to keep you busy with.

If you're lucky you may even spot Manta rays and whale sharks which may be encountered from October to February, when they come into the channel to feed. Humpback whales can also be both seen and heard as they migrate north in August and early September

A US\$50 marine park fee per boat per day is levied towards the running of this conservation area.

Boat trips across to the island take approximately 30 minutes.

Bring plenty of sunscreen, a hat, swimming costume and beach shoes. Refreshments & Towels will be supplied by the Resort.

All water sports are subject to weather conditions and boat availability

MISALI SNORKELLING TOURS

US\$25 per person
(inclusive of Marine Park Fees)

The coral reefs just off the main beach of Misali provide convenient and exciting snorkeling. For non-snorkellers, the beach has pleasant swimming, and there are also a few interesting trails through the island's virgin forests and along the inter-tidal zone at low tide leading to caves and Turtle Beach, where Green and Hawksbill Sea Turtles nest. The Misali Island rangers offer guided tours of the island and are knowledgeable of the local flora and fauna, and history of Misali.

Twice a day we offer the chance to cruise around the corner to Misali Island.

DOLPHIN SAFARIS

US\$30 per person
(inclusive of Marine Park Fees)

We are very lucky to have resident pods of Spinner and Bottlenose Dolphins that live around the reefs of Misali Island and Fundu Lagoon.

Dolphin safaris are scheduled twice a week on Wednesday and Sunday, but additional safaris on alternate days are available.

DISCOVER SCUBA DIVING

US\$120 per person (dive fee)

US\$100 per person (return reef dive)

For beginners who would like to have a taste of diving, yet have no prior experience, this is a perfect opportunity whilst on holiday. This lesson includes a safety briefing in the classroom and a shallow confined lesson on a few dive safety skills – and then a supervised dive with one of our Instructors. If you enjoy the experience you are able to participate in additional dives at other reefs, but always guided by one of our experienced Instructors.

PADI SCUBA DIVER

US\$400 per person

Let one of our instructors guide you through the first Diving Course offered by PADI, involving theory, confined water safety skills practice and 2 dives, which entitles you to dive for a life time to a maximum of 12m with a certified professional. The Scuba Diver Qualification can be upgraded to a full open water certification within 12 months. This course can be completed in 1 ½ days or tailored to your personal schedule.

PADI OPEN WATER DIVER

US\$650 per person

This is the PADI International Diving Certification Course. The Course includes theory instruction, “confined water” safety skill training and four “open water” dives. The course can be completed in a minimum of 3 days or tailor made to suit your personal timetable. On completion of this course you will be qualified to dive anywhere in the world with the PADI International Qualification.

PADI OPEN WATER DIVER REFERRAL

US\$400 per person

Take all the theory and pool sessions at home and complete the open water dives here. Includes a skill circuit refresh for safety, and 4 open water dives. Certification included.

PADI ADVENTURE

US\$400 per person

The adventure diver contains 3 specialized dives. If your stay here at Fundu Lagoon is short then this is the perfect course to further your diving experience towards becoming a PADI Advanced Diver. All 3 dives can be completed in just one day. Choices include night dive, photography, naturalist and multi level.

PADI ADVANCED OPEN WATER DIVER

US\$500 per person

For the already certified diver who wishes to extend their diving skills and knowledge. The course includes five dives including a deep dive, navigation dive, night dive and a choice of 2 more exciting advanced dives. Course completion certifies you to dive to 30m.

DIVE SITES

Most of our dives are conducted on the west coast of Pemba Island.

The majority of the local reefs have wall and sloping profiles where you will find the pristine corals covering the reef through to the drop off to form almost vertical cliffs.

Visibility averages around 20 meters and can increase up to 60 meters. The best time to dive is usually on an incoming tide.

There is usually some form of current so most dives are conducted as drift dives where groups stay with our experienced guides who carry a surface marker.

The Div Centre is equipped with new and regular serviced ScubaPro and Aqualung Equipment.
