Contemporary style in Porto Rafael

The villa, built in 2008, set on the hillside of Porto Rafael has views over the Mediterranean and la Maddalena islands. The famous Piazzetta with its sandy beach and close by restaurants and shops are at just five minute walk from the villa, while the well known beach of Costa Serena is a five minutes drive away.

The design of the villa is very Modern with clean lines and open spaces. Large glass windows maximise the views and bring in plenty of light. There is a covered terrace with a table for outside dining and there are comfortable sun loungers around the pool, this is an ideal choice for a couple or a family with older children looking for a secluded getaway
