

A 5 star chalet in Meribel Village

Chalet Iamato is a 5* chalet built in the summer of 2000. Situated in Méribel Village the chalet is only 300 metres from the lifts and shops of the village. For most of the season guests should be able to ski back to the chalet door. All of the bedrooms, with the exception of one, have a balcony.

Additionally on the ground floor is a lovely children's room for up to 4 children, decorated with Victorian furniture with the small sitting room area having a pinball machine, television, video, Playstation and traditional games. The beds in the children's room are priced at 50% of the published adult price (no additional discounts are applicable to these beds).

The fabulous sitting room has wonderful views over the valley. This leads directly to the intimate dining area. Surrounding the sitting room on three sides is an enormous balcony/sun terrace with that ultimate luxury, an outdoor hot tub, where you can relax after a hard day's skiing and enjoy a pre-dinner drink!

Just outside the sitting room is a small office with a computer with broadband/wifi access.

Although Iamato is only minutes from Méribel Village and a 20 minute walk from Méribel Centre, guests also have at their disposal our complimentary chauffeur driven minibus service which is always available to take our guests wherever they wish to go in the valley.
