SIX SENSES  
HIDEAWAY

CON DAO

VIETNAM

Six Senses Hideaway Con Dao is set within one of the most beautiful locations on Con Dao Island, enhancing the lush tropical mangrove vegetation to provide breathtaking views. The arrival and main guest area recreates a fishing village and local market, and features truly innovative concepts.

A wooden bridge leads across the river to the rolling sand dunes where the villas and mangrove spa are located. Private Pool Villas attended to by personal butlers are set along a one kilometre white sand beach surrounded by dramatic mountain landscapes. The remote setting and preserved natural landscape provide an extraordinary sense of seclusion, creating an ideal place to escape, relax and live close to the natural elements.

## LOCATION

Located in the south-east of Vietnam, the Con Dao archipelago of islands was initially settled by the British East India Company in 1702. The largest, Con Son Island, which hosts the Six Senses Hideaway is around 230 kilometres, or 145 miles, from Ho Chi Minh City and is served by Co Ong Airport. It can be reached by the resort's private airplane, 45 minutes from Ho Chi Minh City.

## CONCEPT

Six Senses Hideaway Con Dao sets the benchmark for excellence in Vietnam. The attention to detail and focus on the reality of the destination reinforces the brand's commitment to the environment. Accommodations provide generous personal space and present an uncompromised standard of luxury. Six Senses Hideaway Con Dao offer elegantly designed modern architecture and Private Pool Villas positioned with an image supporting the Six Senses Hideaway theme - *Redefining Experiences*.

### MANAGEMENT

Six Senses Hideaway Con Dao is managed by Six Senses Resorts & Spas, who have developed and operate unique properties in the Maldives, Oman, Thailand, Vietnam, Spain, Fiji and Jordan under the brand names Soneva by Six Senses, Six Senses Hideaway, Six Senses Latitude and Evason; plus Six Senses Spas and Six Senses Destination Spas. The Six Senses team has positioned Six Senses Latitude Jafre to incorporate the same brand values and personal service promised in the Six Senses Core Purpose: *To create innovative and enriching experiences in a sustainable environment.*

### ACCOMMODATION

Six Senses Hideaway Con Dao comprises 51 villas with private infinity pools. Styles range from single-level to duplexes and offer one, two, three, four and five bedrooms, many with indoor-outdoor bathrooms and several with personal spa suite salas. The efficient design style reduces air-conditioned spaces whilst providing additional natural ventilation. The bathroom and the living area are therefore open-air and the bedroom air-conditioned to provide comfort.

Together with a focused commitment to the environment, the architecture of the villas enhances the spectacular natural setting. Each villa is carefully designed using timber frames and is located sensitively within the natural slope of the dunes to ensure fantastic views to the ocean. Butterfly-style roofs provide light and openness, creating a shaded area where the infinity pool and sundeck are located.
